| N13 | Eaton PW5115 750i RM BLK | 2 |
| N14 | Mixed rack PDUs (2 APC AP8453 + 2 others) | 4 units |
| NET-ADD-01 | TRENDnet TV-IP201/AU | 1 |
| N16 | Unidentified rack/storage chassis | 2 |
| N15 | Mixed rack rail bundle | 1 bundle |

Included: 27 network/rack devices and modules, 3 related devices, 16 USB modems, 83 SFP modules, 8 stack cables and one rail bundle. Multiple views do not add units.

Condition: C9300 is owner-confirmed new with an open carton. Other items are boxed or used stock, untested. Check contents, operation, accessories and licence entitlement before payment.

Scope: Listed stock only, including 4 ProCurve Radio Port 220 units. Other separately listed access points, IP phones, projectors and unlisted cables are excluded. Delivery and installation are not included.

# Cisco Catalyst C9300-24P-A

**1 unit | Brand new (owner-confirmed); open outer carton | NET-ADD-05**

## 24-PORT GIGABIT PoE+ NETWORK SWITCH

Actual stock photo 1

Actual stock photo 2

**1 unit** **PHOTOGRAPHED STOCK**

- Model capability: 24 x 10/100/1000 Ethernet PoE+ ports for wired network and compatible powered devices.
- Carton configuration: Two 715 W AC power supplies (PWR-C1-715WAC-P family) and a C9300-NM-8X uplink module with 8 x 1/10G ports are listed on the carton.
- Carton identity: C9300-24P-A; base model C9300-24P; serial FOC2421W0Z4. Both photos show the same single carton.

Before payment: Confirm the actual device, installed power supplies and uplink module, included accessories, operation and licence entitlement. The carton label does not prove current contents or an active Cisco DNA licence.

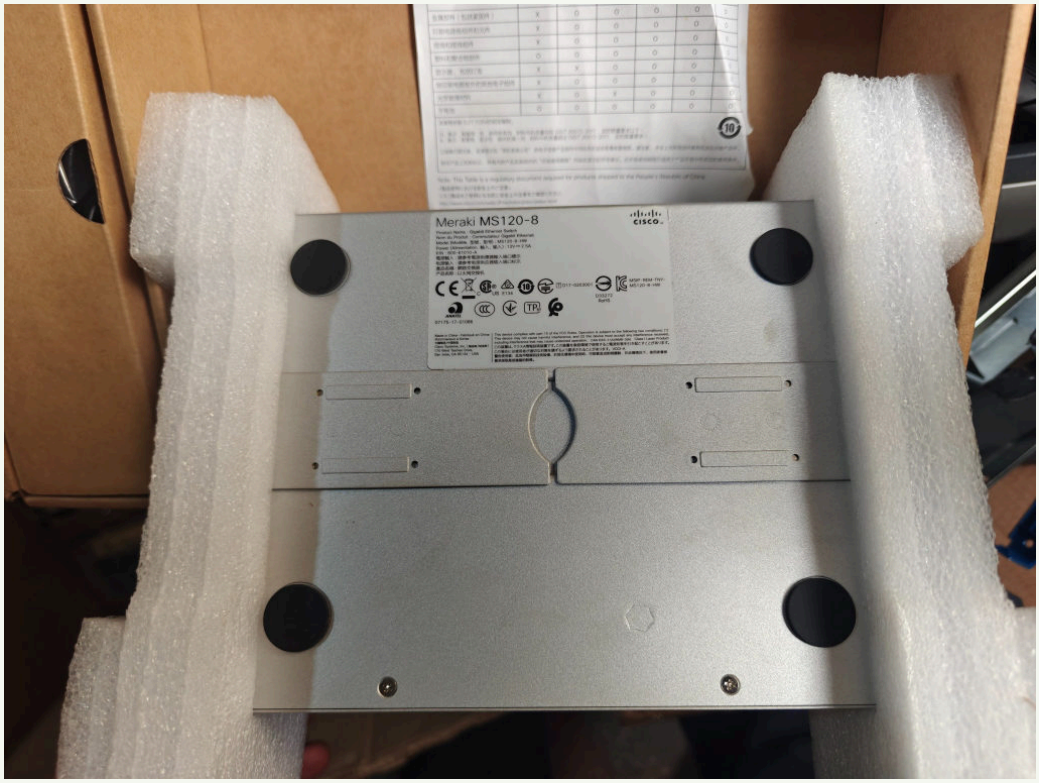
Condition: Brand new as confirmed by the owner; the outer carton is open. A factory-sealed or tested-working claim is not made.

Model specifications: Cisco hardware guide

# Cisco Meraki MS120-8-HW

**1 unit | Networking | NET-ADD-06**

**8-PORT GIGABIT CLOUD-MANAGED SWITCH**



Actual stock photo 1

**1 unit** **PHOTOGRAPHED STOCK**

- Model: 8 Gigabit RJ45 ports / 2 Gigabit SFP uplinks / Non-PoE variant
- Use: For an existing or new Meraki network with a suitable Dashboard account and licence.
- Check before purchase: Verify the device is unclaimed from its previous Dashboard organisation before purchase. Factory reset alone does not release ownership. A separate Meraki licence is required.

Condition and included items: Open box; untested. Dashboard claim status, operation and included power adapter are unverified. No licence is included in this offer.

Model reference: Cisco Meraki

Inspect and confirm availability before payment.

# BrightSign XD234

**1 unit | Related Av Equipment | NET-ADD-07**

**DIGITAL SIGNAGE MEDIA PLAYER**

Actual stock photo 1

Actual stock photo 2

**1 unit** **PHOTOGRAPHED STOCK**

- Model: XD234 model on player and carton / Power adapter visible in box / Media player; not a network switch
- Use: Play prepared digital signage content on a compatible display.
- Check before purchase: Confirm operation, video output, media storage and the suitability of the pictured adapter. Display and prepared signage content are not included.

Condition and included items: Open box; untested. Serial D1E943001355 is visible on the carton. Software services and subscriptions are not included.

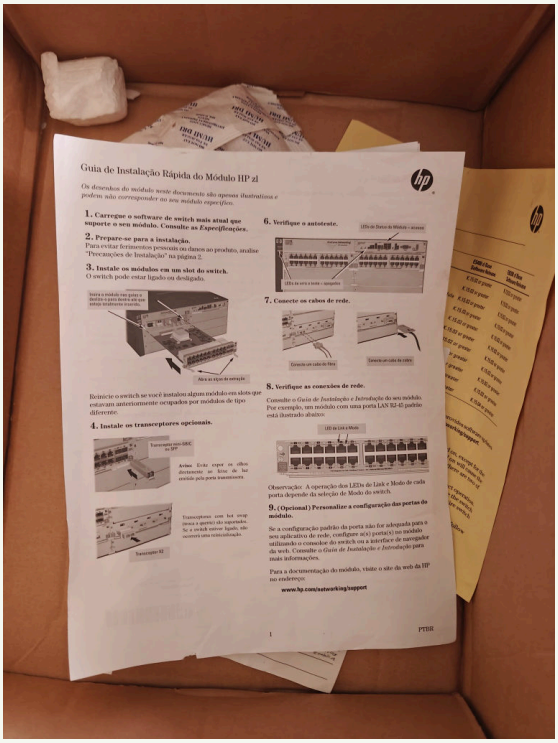
Model reference: BrightSign

Inspect and confirm availability before payment.

# HP J9550A

**1 unit | Network Module | NET-ADD-08**

## 24-PORT GIGABIT CHASSIS EXPANSION MODULE



Actual stock photographs: carton label, bagged module and included documentation.

**1 unit** **PHOTOGRAPHED STOCK**

- Model: 24 x 10/100/1000 RJ45 ports / Gig-T v2 zl module / Non-PoE; chassis not included
- Use: Add wired Ethernet ports to a compatible HP zl modular switch chassis.
- Check before purchase: Match the module to the exact chassis and supported software before purchase. This line is one expansion module, not a complete standalone switch.

Condition and included items: Boxed and bagged; untested. Carton label serial SG7227Z085. Packaging and manual photographs are additional views of the same one unit.

Model reference: HPE

Inspect and confirm availability before payment.

# Kinnarps / LOGICDATA LogicS-3-SUS-ELV

**1 unit | Related Equipment | NET-ADD-09**

**HEIGHT-ADJUSTABLE DESK CONTROL UNIT**

Actual stock photo 1

Actual stock photo 2

**1 unit** **PHOTOGRAPHED STOCK**

- Model: Input label: 230 V / 50 Hz / 2.5 A / Output label: 360 VA / 33 V DC / Desk mechanism control unit
- Use: Replacement controller for a correctly matched Kinnarps desk mechanism.
- Check before purchase: Match motors, handset, connectors and electrical rating. The visible loose lead and all wiring need inspection by a competent technician before connection.

Condition and included items: Used and untested. Controller only; desk frame, motors and handset are not included. This item is not network equipment.

Identity and electrical ratings: photographed product label

Inspect and confirm availability before payment.

# IMG Stage Line TXS-727

**1 unit | Related Audio Equipment | NET-ADD-10**

## TWO-CHANNEL UHF MICROPHONE RECEIVER

Actual stock photo 1

Actual stock photo 2

**1 unit** **PHOTOGRAPHED STOCK**

- Model: TXS-727 receiver model on carton / Label band: 667.000-691.750 MHz / Receiver only; microphones not included
- Use: Receiver component for a compatible wireless microphone system.
- Check before purchase: Confirm the actual contents, working condition and matching transmitter frequencies. This is not a complete wireless microphone set.

Condition and included items: Carton photographs only; contents and operation unverified. Asset tag MAR-0061 is visible. Two carton views represent one receiver.

Model reference: Monacor

Inspect and confirm availability before payment.

# HP ProCurve Radio Port 220

**J9005A | 4 units | Legacy Wireless | NET-ADD-11**

## LEGACY CONTROLLER-MANAGED WIRELESS RADIO PORT

Actual stock photo 1

Actual stock photo 2

Actual stock photo 3

**4 units** **PHOTOGRAPHED STOCK**

- Model: Legacy dual-radio 802.11a/b/g / Model J9005A / RSVLC-0505 / External antenna connectors
- Use: Replacement radio ports for compatible ProCurve Wireless Edge Services infrastructure.
- Check before purchase: Requires compatible ProCurve Wireless Edge Services infrastructure and external antennas. These units do not operate as standalone Wi-Fi routers.

Condition and included items: 4 units confirmed by the owner. Boxed stock with surface marks visible; untested. Controller, antennas and accessories are not confirmed as included.

Model reference: HPE

Inspect and confirm availability before payment.

# USB mobile broadband modems

**16 devices | Mixed Huawei / Telia-branded devices | NET-ADD-02**

## TWO VIEWS OF THE SAME 16-DEVICE GROUP

Actual stock photo 1

Actual stock photo 2

**16 units** **PHOTOGRAPHED STOCK**

- Quantity: 16 devices confirmed by the owner. The older bag label shows 15; it is superseded by the current quantity.
- What is visible: USB format, mixed Huawei / Telia branding and several physical variants.
- Check before purchase: Exact models, network generation and bands, local SIM support, lock status and operation. Wi-Fi hotspot capability is unconfirmed.

Condition: Used and untested. The loose power adapter visible on the table is not included in this line. These are mobile broadband modems; universal compatibility or 4G/LTE operation is not established by the photographs.

# Optical SFP transceiver modules

**83 modules | Mixed SX / LX group | NET-ADD-03**

## TWO VIEWS OF THE SAME 83-MODULE GROUP

Actual stock photo 1

Actual stock photo 2

**83 units** **PHOTOGRAPHED STOCK**

- Visible sample 1: HP J4858C, SFP SX, 850 nm. This identifies a visible module; it does not describe all 83.
- Visible sample 2: SFP LC LX; label states 1.25 Gb/s, 20 km and TX 1310 nm. Exact manufacturer and full part number are unconfirmed.
- Mixed stock: 83 modules in total. Manufacturer and SX / LX subgroup quantities have not been verified.

Compatibility and condition: Used and untested. Match each module to the switch, fibre type, connector, wavelength and link budget before use. No 10 Gb/s or universal compatibility claim is made for this mixed group.

# Cisco STACK-T1-50CM stacking cables

**8 cables total | 50 cm Type 1 | Photos 1-4 of 8 | NET-ADD-04**

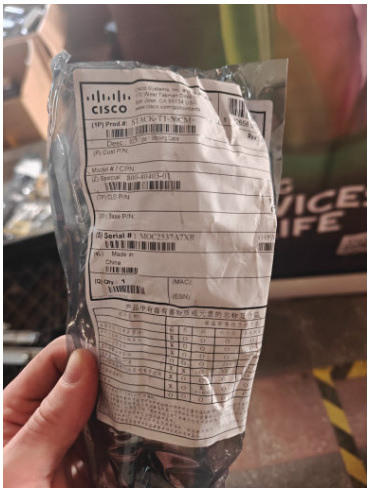
### CABLE 01 - 1 UNIT

Serial MOC2538A3RM

### CABLE 02 - 1 UNIT

Serial MOC2538A04Q

### CABLE 03 - 1 UNIT



Serial MOC2537A7XR

### CABLE 04 - 1 UNIT

Model / part label visible

**8 cables** **PHOTOGRAPHED STOCK**

Compatibility: STACK-T1-50CM / 800-40403-01 is a 50 cm Type 1 cable for compatible C9300 modular-uplink stack ports. Check the exact interface. It is not the stacking cable for the listed 2960-S / 3750 switches.

Condition: Individually bagged and untested. Packaging does not establish new, unused or tested status.

# Cisco STACK-T1-50CM stacking cables

**8 cables total | 50 cm Type 1 | Photos 5-8 of 8 | NET-ADD-04**

### CABLE 05 - 1 UNIT

Serial MOC2538A0QZ

### CABLE 06 - 1 UNIT

Serial MOC2537A80S

### CABLE 07 - 1 UNIT

Serial MOC2538A053

### CABLE 08 - 1 UNIT

Model / part label visible

**8 cables** **PHOTOGRAPHED STOCK**

Compatibility: STACK-T1-50CM / 800-40403-01 is a 50 cm Type 1 cable for compatible C9300 modular-uplink stack ports. Check the exact interface. It is not the stacking cable for the listed 2960-S / 3750 switches.

Condition: Individually bagged and untested. Packaging does not establish new, unused or tested status.

48-PORT GIGABIT NETWORK SWITCH

N09

## Cisco WS-C2960S-48TD-L

Actual stock photograph

Connect many wired office or laboratory devices.

- **48 Gigabit RJ45 ports**
- **2 SFP+ uplinks, 1/10 GbE**
- **No PoE**

Untested. Optics, stack parts, power lead and software state unconfirmed.

**1 unit** PHOTOGRAPHED STOCK

48-PORT GIGABIT NETWORK SWITCH

N10

## Cisco WS-C2960S-48TS-L

Actual stock photograph

Connect many wired office or laboratory devices.

- **48 Gigabit RJ45 ports**
- **4 Gigabit SFP uplinks**
- **No PoE**

Untested. Optics, stack parts, power lead and software state unconfirmed.

**1 unit** PHOTOGRAPHED STOCK

Inspect and confirm availability before payment.

**Photographed stock - 26 catalogue lines**

24-PORT GIGABIT NETWORK SWITCH

N11

## Cisco WS-C3750X-24T

Actual stock photograph

Connect office devices with a modular high-speed uplink option.

- **24 Gigabit RJ45 data ports**
- **C3KX-NM-10G faceplate visible**
- **Exact chassis suffix unconfirmed**

Untested. Exact chassis suffix, PSU configuration, optics and software entitlement unconfirmed.

**1 unit** PHOTOGRAPHED STOCK

12-PORT FIBRE NETWORK SWITCH

N06

## Cisco WS-C3750G-12S-S

Actual stock photograph

Connect fibre links using separately matched SFP optics.

- **12 Gigabit SFP slots**
- **Managed Catalyst platform**
- **StackWise model family**

Untested. SFP optics, stack cables, power lead and software state unconfirmed.

**1 unit** PHOTOGRAPHED STOCK

Inspect and confirm availability before payment.

8-PORT COMPACT POE NETWORK SWITCH — N02

## Cisco WS-C3560-8PC-S

Actual stock photograph

Connect a small wired network and compatible PoE devices.

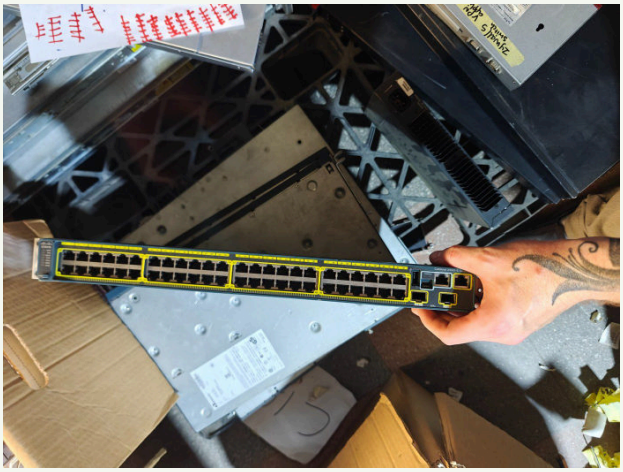
- **8 Fast Ethernet PoE ports**
- **One dual-purpose Gigabit uplink**
- **Compact fanless model**

Untested. PoE is a model capability, not a test result. Power lead and SFP unconfirmed.

**1 unit** — **PHOTOGRAPHED STOCK**

48-PORT NETWORK SWITCH — N08

## Cisco Catalyst 2960-S - exact SKU unconfirmed



Actual stock photograph

Wired network switch for office or laboratory use.

- **Catalyst 2960-S family**
- **48 access ports visible**
- **Exact model label unresolved**

Untested. Exact SKU, uplink speed and PoE capability unconfirmed.

**1 unit** — **PHOTOGRAPHED STOCK**

Inspect and confirm availability before payment.

# Network & rack equipment - actual photos

**Photographed stock - 26 catalogue lines**

LEGACY FIREWALL / VPN APPLIANCE — N03

## WatchGuard XTM 21

Actual stock photograph

For a compatible network lab, training setup or parts assessment.

- **6 Ethernet interfaces**
- **3 Fast Ethernet + 3 Gigabit**
- **Label input: 12 V DC, 2 A**

Untested. Adapter, reset state, subscriptions and software-update eligibility unconfirmed.

**1 unit** — **PHOTOGRAPHED STOCK**

LEGACY FIREWALL / VPN APPLIANCE — N04

## ZyXEL ZyWALL 5

Actual stock photograph

For a compatible network lab, training setup or parts assessment.

- **4 Fast Ethernet LAN/DMZ ports**
- **1 Fast Ethernet WAN port**
- **ZyWALL 5 platform**

Untested. Adapter and stored configuration unconfirmed.

**1 unit** — **PHOTOGRAPHED STOCK**

# Network & rack equipment - actual photos

**Photographed stock - 26 catalogue lines**

LEGACY WAN APPLIANCE

N05

## Silver Peak NX-1700

Actual stock photograph

For a compatible Silver Peak lab, repair or parts assessment.

- **1U rack appliance**
- **4 Gigabit LAN/WAN + 2 management**
- **Rated WAN optimisation: 4 Mbps**

Untested. Installed drives, software and licence entitlement unconfirmed.

**1 unit** **PHOTOGRAPHED STOCK**

LEGACY WAN APPLIANCE

N07

## Silver Peak NX-1700

Actual stock photograph

For a compatible Silver Peak lab, repair or parts assessment.

- **1U rack appliance**
- **4 Gigabit LAN/WAN + 2 management**
- **Rated WAN optimisation: 4 Mbps**

Untested. Torn label and front-edge deformation visible. Drives, software and entitlement unconfirmed.

**1 unit** **PHOTOGRAPHED STOCK**

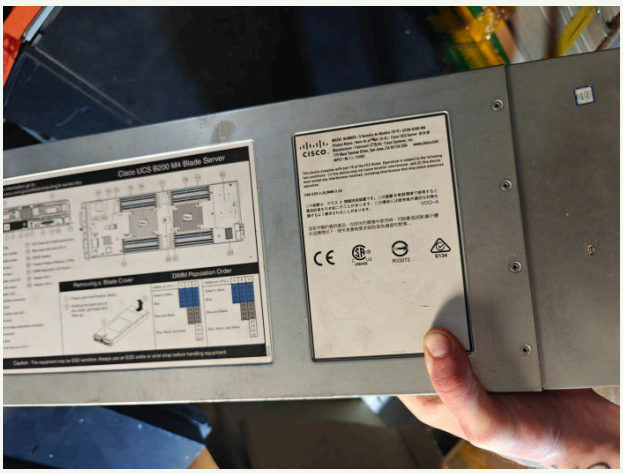
Inspect and confirm availability before payment.

# Network & rack equipment - actual photos

**Photographed stock - 26 catalogue lines**

SERVER BLADE MODULE — N12

## Cisco UCS B200 M4 blade



Actual stock photograph

A server module for installation in a compatible Cisco UCS chassis.

- **UCS B200 M4 half-width blade**
- **2 CPU sockets; 24 DDR4 slots**
- **Optional two-drive FlexStorage**

Untested. Installed CPUs, RAM, drives and adapters unconfirmed. A compatible UCS chassis is required.

**1 unit** — **PHOTOGRAPHED STOCK**

RACK-MOUNT BACKUP POWER UNIT — N13

## Eaton PW5115 750i RM BLK

Actual stock photograph

For inspection and refurbishment of a small rack UPS setup.

- **750 VA / 520 W label rating**
- **220-240 V input**
- **4 IEC outlets depicted per unit**

Untested. Battery health, runtime and power leads unconfirmed.

**2 units** — **PHOTOGRAPHED STOCK**

Inspect and confirm availability before payment.

# Network & rack equipment - actual photos

**Photographed stock - 26 catalogue lines**

RACK POWER DISTRIBUTION UNITS — N14

## Mixed rack PDUs

Actual stock photograph

Distribute power inside a compatible equipment rack.

- **4 pictured PDUs**
- **2 labels identify APC AP8453**
- **2 other exact models unresolved**

Untested. AP8453 labels are readable on two units only; the other two exact models are unknown. Plug/lead suitability unconfirmed.

**1 lot / 4 PDUs** — **PHOTOGRAPHED STOCK**

LEGACY WIRED NETWORK CAMERA — NET-ADD-01

## TRENDnet TV-IP201/AU

Actual stock photograph

For a compatible camera lab or parts assessment.

- **TV-IP201/AU; wired Ethernet**
- **Up to 640 x 480 resolution**
- **Audio-capable model**

Untested. Adapter and operation unconfirmed. This is not the PoE or wireless variant.

**1 unit** — **PHOTOGRAPHED STOCK**

Inspect and confirm availability before payment.

# Network & rack equipment - actual photos

**Photographed stock - 26 catalogue lines**

RACK/STORAGE CHASSIS N16

## Unidentified rack/storage chassis

Actual stock photograph

For parts, assessment or a separately verified compatible rebuild.

- **2 pictured chassis**
- **Front caddies and open bays visible**
- **Exact models unresolved**

Untested. Exact models, installed components and drive-bay contents are unknown.

**2 units** PHOTOGRAPHED STOCK

RACK MOUNTING ACCESSORIES N15

## Mixed rack rail bundle

Actual stock photograph

A mixed bundle of rails for matching to suitable rack equipment.

- **1 photographed bundle**
- **Mixed rail assemblies**
- **Complete pair count unresolved**

Complete left/right pair count and compatible models are unknown. Sold as one mixed bundle.

**1 rail bundle** PHOTOGRAPHED STOCK
